------------------------------	---------------------------

Class Name:	Intro to basic armor for new fighters or How to get on the field for cheap and still be safe		
Class Description:	<p>This class will focus on the basics new fighters will need to start making their own fighting kit. The class mainly focuses on Hardsuit/Heavy fighting standards, but there is a lot of carry over to Rapier. This class will include handouts with either links to patterns or actual patterns to start some of the extra armor bits required to keep you safe as you begin your exciting new adventure. This class will also cover the “easy to acquire” materials new armor makers can use for their first kit and how to start using them. This is primarily leather and plastic (Kydex and good old “pickle barrel”).</p> <p>In addition, I will be teaching how to make a simple cuisse pattern for padded/stuffed leg armor used throughout the early and middle period.</p>
