*"Medical intuitive and healer Mannion, who claims to have cured her own long-term chronic illness in three weeks, offers a program aimed at helping readers do the same. Step by step, Mannion explains her healing and empowering techniques. She suggests a variety of helpful processes: forgiveness and attention shifting, energy healing and affirmations, and ways to strengthen the chakras. Even absent a chronic illness, Mannion writes, discovering and strengthening "inner power"—she explains this as the connection between mind and body—is a form of healing. She says that by following her instructions, readers can first change thought patterns and then become a partner to the body's healing mechanisms. This book will appeal to those who may be frustrated with traditional medical avenues and are ready to explore alternative ways of healing themselves.*
